

Network Solutions Brand Cleanup & Technical SEO Report

Date: September 5, 2026 | Target Application: RCS Infra Tech Web Portal | Status: COMPLETED & VERIFIED

SERVICE MODIFIED	BRAND NAMES REMOVED	ENVIRONMENT VARIABLE	BUILD STATUS
Network Solutions	Cisco, Sophos, Ubiquiti, Aruba	GOOGLE_SEARCH_CONSOLE_VERIFICATION	0 Errors (Passed)

1. Network Solutions Service Cleanup Summary

All brand names (Cisco, Sophos, Ubiquiti, Aruba, Fortinet, HPE, Ruckus, TP-Link) have been completely removed from `data/networkSolutions.json`. The service content now describes capabilities using generic enterprise networking terms (e.g. "enterprise-grade switches and routers", "leading enterprise networking hardware", and "top-tier enterprise hardware OEMs").

Key Modifications in `data/networkSolutions.json` :

- Switch & Router Configuration:** Updated description from brand-specific list to "Optimize traffic routing, policy enforcement, and bandwidth controls using enterprise-grade switches and routers."
- Certified Hardware Specialists:** Updated description to "Certified professionals with deep expertise across leading enterprise networking hardware."
- Hardware FAQ:** Updated answer to "We work with top-tier enterprise hardware OEMs depending on your company's performance needs, security requirements, and budget."
